A TRULY FRENCH KIND OF COMFORT, A PRIDE WELL DESERVED

It is the alliance of exceptional French craftsmanship, artisanal precision, and elegant comfort. An ergonomic chair, locally manufactured using durable and premium materials, designed to offer a refined, seamless work experience infused with the French art of living.

LOCAL MANUFACTURING

Here, everything is made locally. From design to production, each chair comes to life in France, in Anduze, in the heart of the Cévennes. A choice that highlights local craftsmanship, shortens distances, and ensures controlled, consistent quality.

ARTISANAL CRAFTSMANSHIP

Each chair is the result of genuine artisanal know-how. In Anduze, skilled hands shape every detail with care and precision, creating a product that is authentic, durable, and profoundly human.

STITCHING & CRAFTSMANSHIP

Stitching embodies our craftsmanship. In Anduze, every stitch is made with precision, ensuring durable and elegant finishes — the signature of a chair crafted with passion and expertise.

INCLUSION

Our adapted company values the talents of people with diverse backgrounds, most of whom are living with a disability. Each chair reflects this human commitment: a French-made product that is inclusive, fair, and profoundly respectful of everyone.
